Aquapel® Launches E-Commerce Site

Glass Treatment and Cleaner Products Now Available at Aquapel.com

Pittsburgh, November 5, 2008 Aquapel, the brand of glass treatment products from Pittsburgh Glass Works (PGW), has launched an e-own commerce site to sell its glass treatment and cleaner products directly to consumers.

According to Ron Wickwire, business manager for Aquapel, “the timing was right for establishing this website feature for consumers to purchase these products from us. We receive calls every week from consumers looking for places and locations to buy our product.”

The site now gives consumers an additional choice for purchasing our glass treatment and cleaner products,” added Wickwire.

The following products are available for order at www.aquapel.com:

Aquapel Single Application (patented winged applicator)	\$9.95
Aquapel Glass Cleaner	\$4.95
Aquapel Pre-Cleaner Towelette	\$3.50
Aquapel Combo Application and Glass Cleaner	\$13.90

NOTE: Costs do not include shipping, handling and any additional surcharges

The products are shipped within 1 week of order placement to all 50 states. Availability in Canada and Mexico is planned for 2009. For more information, visit www.aquapel.com

About Pittsburgh Glass Works

Pittsburgh Glass Works (PGW) supplies automotive OEM windshields, rear and side windows, sunroofs and assemblies for auto and truck manufacturers, and it supplies and distributes replacement automotive glass products for use in the aftermarket. It also provides insurance

claims services through its LYNX Services subsidiary, glass management software and internet marketing services through its GTS subsidiary, e-business solutions through its GLAXIS offering and Aquapel, a hydrophobic glass treatment product that repels water, snow, ice and bugs from glass surfaces.

Automotive glass products are manufactured and fabricated in nine North American plants located in Berea, Ky.; Creighton, Meadville and Tipton, Pa.; Crestline Ohio; Evansville, Ind.; Ewart, Mich.; and Hawkesbury and Oshawa, Ont., Canada. In addition, nine satellite parts assembly plants are located throughout North America, and two LYNX Services claims management call centers in Ft. Myers, Fla. and Paducah, Ky. Combined, the businesses employ approximately 4,400 people.
