

Coastal Glass Distributors

Clearly Superior Service™

August 25, 2009

Dear Customer:

It is my sad duty to inform you that Coastal Glass is ceasing operations, after efforts to obtain ongoing financing proved unavailing.

We will not be accepting orders after the close of business today, Tuesday, August 25th. For the next few days we will be completing and delivering those orders that we have already received. We plan to make our final deliveries on Monday, August 31st. Your sales and customer service representatives will be contacting you to confirm the orders we have in hand. In an effort to assure that we close out business in an orderly way, all orders shipped after Wednesday will be shipped on a COD basis unless prior approval is given.

All of us at Coastal Glass are grateful for the confidence and support you have given us over the years. It has been our privilege to serve you. We wish you all success in the future.

Sincerely,

Jack B. Hoey, Jr.
President
