GLASS MECHANIX MOVES HEADQUARTERS TO BEND, OREGON

Glass repair company transfers operations management to GlasWeld Management Solutions

02 December 2008 – Bend, Oregon – Glass Mechanix, an auto glass repair equipment and supply company, today announced that it has entered into an agreement with GlasWeld Management Solutions to manage its daily operations, including order fulfillment, customer service and marketing functions. Each company will retain its own identity, brand and ownership, but have become active partners in advancing the practice of windshield repair on an international level.

“Constantly improving our ability to serve our customers is, and always has been, our top goal,” said John Kiland, owner of Glass Mechanix. “Our agreement with GlasWeld Management Solutions will allow us to deliver enhanced customer service, distribution and product development roles even more effectively and efficiently.”

GlasWeld Management Solutions is a new division of GlasWeld that focuses on the complete management of glass-related businesses, while retaining and boosting individual brand identities. From seamless and comprehensive customer service, to accurate fulfillment and delivery from its centralized location, the company handles all facets of company operations for its clients.

Mike Boyle of GlasWeld said, “Our goal in this venture is to raise the level of brand quality worldwide. This, along with our leadership position in the sustainability movement, is sure to have a positive impact on the glass repair industry as a whole.”

Customers can continue to reach Glass Mechanix’s sales and customer service department by calling 800-826-8523. Orders may also be placed online anytime at www.glassmechanix.com.

About Glass Mechanix
