

## **The Equalizer® Viper™**

*Invented by: Eric Asbery & Gilbert Gutierrez*

The Equalizer® Viper™ is a ratcheting wire removal device designed for small quarter glass removals, but can also be used on windshields, back glasses and sliders (such as the Dodge pickup back sliders) are easy to remove with the Equalizer® Viper™. It's compact size, lightweight design allows you to keep the wire closer to the glass surface for less resistance while cutting the toughest urethane.

### **Part# VIP1124 Kit Includes:**

- 1-VIPER Assembly including socket and Omni-Ratchet (Part# VT1136)
- 1-Clear Protect-A-Dash (Part# CU1077)
