### **Second Annual AGRSS Charity Auction Announced**

The Second Annual AGRSS Charity Auction and Cocktail Party has been scheduled for Wednesday, November 5, at 6 p.m. The auction will take place during the International Auto Glass Safety (AGRSS) Conference scheduled to be held November 5 - 6 at the Mandalay Bay Convention Center in Las Vegas during Auto Glass Week™. Both events are sponsored by the Auto Glass Replacement Safety Standards Council Inc. (AGRSS). The conference will be held in coordination with the International Autobody Congress and Exposition ([NACE](#)).

The AGRSS Charity Auction will allow conference attendees to bid on lush gifts and gift packages while they network with other industry professionals all in the name of automotive glass safety. Last year, items up for auction included limited collector's edition Dale Earnhardt wine set, an autographed die of a Jeff Burton NASCAR vehicle, tickets to the 2008 Tostitos Fiesta Bowl, and numerous new electronic wares (IPods, Televisions, etc).

AGRSS Conference attendees will receive two full days of quality education on important industry topics; networking opportunities with colleagues and related industry peers; admission to the AGRSS welcoming cocktail party and charity auction; admission to the NACE trade show; admission to the [Auto Glass Technician Olympics](#); and admission to the [Walt Gorman Memorial Windshield Repair Olympics](#) all for one registration fee.

The pre-registration rate for AGRSS-Registered company attendees is \$150; non-registered companies will be charged \$225 per attendee. Pre-registration closes October 17. Interested participants can visit [www.agrss.com/conference](http://www.agrss.com/conference) to register or for more information.

AGRSS is a not-for-profit organization dedicated to the safe replacement of auto glass. AGRSS was founded and is supported by companies in the auto glass replacement industry that keep safe installation as their primary goal. The Council is also accredited by the American National Standard Institute (ANSI) – a standard development organization – and has developed North America's only auto glass replacement standard, the AGRSS Standard (ANSI/AGRSS 002-2002). The AGRSS Standard addresses procedures, education and product performance.
