glassBYTEs.com™ Receives More Than 2 Million Hits in the Month of June

glassBYTEs.com, a daily newsletter for the auto glass repair and replacement industry, has reached an all-time high for its monthly hits received on the home page.

This past June, 2,181,055 hits were logged on the glassBYTEs.com index page or home page. More than 100,000 unique visitors contributed to that number as viewers enjoyed the latest news on their industry and surrounding events.

On average, glassBYTEs.com receives 1,807,605 hits per month, which has steadily increased each year from its commencement in 2004.

“We are so pleased to have reached this milestone at a halfway point in the year,” says Penny Stacey, editor of glassBYTEs.com. “The industry has weathered quite a bit of change recently and we’re happy to provide an outlet where our readers can learn what is taking place, understand the breadth of it and then utilize it to ensure they continue to succeed in the AGRR business.”

To join those keeping up-to-date visit www.glassbytes.com and to subscribe to have the daily news sent directly to your e-mail inbox.
