FOR IMMEDIATE RELEASE

AGRSS Appoints Glass Doctor® Representative to Board

WACO, Texas (Nov. 7, 2007) – The Auto Glass Replacement Safety Standard™ (AGRSS™) Council elected Glass Doctor® Vice President of Operations Dan Mock to its board of directors during its meeting Oct. 30, before the AGRSS™ annual conference in Las Vegas, Nev.

“I appreciate the opportunity to serve on the AGRSS™ board of directors and its standards committee. The AGRSS™ is the only nationally recognized automotive replacement safety standard, and *Glass Doctor* values high-quality service to keep people safe,” Mock said. “The windshield is important to the overall structural integrity of any vehicle. People don’t realize how much of a safety concern proper windshield replacement is. Anyone having auto glass replaced should look for an AGRSS™-registered shop.”

AGRSS™ is an accredited American National Standards Institute (ANSI)-standards development organization. It has developed North America’s only auto glass replacement standard, the AGRSS™ standard (ANSI/AGRSS™ 002-2002 Automotive Glass Replacement Safety Standard). The AGRSS Standard addresses procedures, education and product performance. As of Nov. 1, 2007, 102 of the more than 360 *Glass Doctor* locations were certified and registered with the AGRSS™.
