FOR MORE INFORMATION

Wendy M. Jozwiak 540/720-7484

Pre-registration for the 2009 National Windshield Repair Association (NWRA) Marketing Conference and fourth annual Walt Gorman Memorial Windshield Repair Olympics (WRO) are now open. NWRA members who missed the event last year have another chance to join the NWRA and others in what has fast become one of the most important industry events—Auto Glass Week @ NACE.

The 2009 NWRA Marketing Conference will again take place at the Mandalay Bay Conference Center in Las Vegas, November 5-6.

As an official sponsor of the Windshield Repair Olympics, the NWRA encourages all involved in windshield repair to bear witness to, or even participate in, this prestigious industry event. The Repair Olympics will take place beginning at 10 a.m. on Thursday, November 5.

Additionally, the NWRA is preparing another strong line-up of educational seminars for attendees, as well as access to additional auto glass events taking place in the same venue as part of Auto Glass Week™. The conference kicks off at 8 a.m. on Friday, November 6, with the official event opening and welcome and will continue with seminars covering topics ranging from windshield repair technical tips, the introduction of the Global Glass Conservation Alliance (GGCA) as well as NWRA certification training and testing, which includes the ability to perform the practical component of the certification program before an NWRA practical assessment administrator for free!

To register, visit www.nwra.com. Pre-registration is now open and runs through October 16, 2009, at 5 p.m. EST. Save money and time by pre-registering today!

The NWRA is a not-for-profit trade association organized in 1994 to promote the legitimacy of the windshield repair industry. The NWRA provides a forum for the exchange of ideas between its members and provides the public, industry and government with a reliable source of information regarding windshield repair. The NWRA also organizes, at a grass-roots level, campaigns to influence the governmental agencies responsible for establishing regulations for the windshield repair industry.

The NWRA is a part of the Global Glass Conservation Alliance (GGCA). The GGCA is a not-for-profit organization dedicated to reducing the energy impact of glass upon the earth. The GGCA promotes the repair, restoration, reuse and recycling of all types of architectural and automotive glass and the development of technology that helps conserve and reduce the energy impact of glass upon the earth.
