### **ROLAGS™ Committee Calls for Additional Members**

The National Windshield Repair Association (NWRA), a division of the Global Glass Conservation Alliance, is reaching out to the windshield repair community to invite interested stakeholders to become part of the Repair of Laminated Auto Glass Standard (ROLAGS) committee. Those interested in applying for membership must have materials transmitted to the NWRA 30 days before the next meeting. The next scheduled ROLAGS committee meeting will be February 9, 2012 in Fort Myers, Fla., so the deadline will be January 9, 2012.

For more information about becoming a ROLAGS committee member email Katie Hodge-O'Mara by emailing [khodge@nwrassn.org](mailto:khodge@nwrassn.org).

The NWRA is a not-for-profit trade association organized in 1994 to promote the legitimacy of the windshield repair industry. The NWRA provides a forum for the exchange of ideas between its members and provides the public, industry and government with a reliable source of information regarding windshield repair. The NWRA also organizes, at a grass-roots level, campaigns to influence the governmental agencies responsible for establishing regulations for the windshield repair industry.
