FOR RELEASE ON 11/11/2009

Sandy, Utah—On Monday November 9, 2009 Techna Glass of Sandy, Utah announced a new franchise agreement with Clear Tech Capital LLC of Salt Lake City, Utah. The finalization of this agreement entails the building of upwards of 75 new Techna Glass retail auto glass locations in the near future, mostly in the western United States. This will poise Techna Glass as one of the nation's foremost leaders in the retail auto glass replacement and repair industry.

"We are very excited about the culmination of this deal," says Troy Mason, Founder/President of Techna Glass, "It's fantastic to be growing, especially right now. We felt like we had an opportunity to realize some of our growth potential, and Clear Tech is the perfect fit for us. They not only have experience in the retail auto service industry, but they are a great group of professionals to work with." Elliott Smith, Partner of Clear Tech Capital LLC, is equally excited, "We have been doing real estate development work for Techna Glass over this past year and have been impressed with the Techna Glass executives and their entire operation. The opportunity to forge this relationship on the franchise level is exciting, and we look forward to taking part in the aggressive, yet controlled growth of this dynamic company."

The details of the agreement were finalized Friday morning (11/6) at Mandalay Bay in Las Vegas, Nevada during Auto Glass Week. Techna Glass was very involved in the week's activities. The company sent three technicians to compete in the Auto Glass Technician Olympics. Two of their three participants, Travis Crebs and Josh Call, qualified for the final round and took third and fourth place overall respectively. Also, Corbin Archer, CEO of Techna Glass, was a speaker at the Independent Glass Association's (IGA) marketing conference. Archer spoke on "Strategies for Growing Your Business".

Clear Tech Capital LLC is headquartered in Salt Lake City, UT and is comprised of 6 partners, most of whom have owned several businesses in various fields, including real estate, technology and strategic investments. Clear Tech is well capitalized and prepared for the calculated growth ahead. Clear Tech will draw on over 100 years of combined real estate and management experience to strategically identify sites and expand operations for Techna Glass corporate as well as its own franchise locations. Clear Tech will combine its operational experience with Techna Glass' refined business model to continue Techna Glass' successful business in emerging markets.

Techna Glass was founded in 1991 by Troy Mason, a native of Salt Lake City, Utah. Mr. Mason is still involved in the day-to-day operations of the company, and serves as the company's President.

Customers are able to have rock chips fixed in about 10 minutes with no appointment necessary and glass replaced on their vehicle in about an hour. Techna Glass has a large stock of glass on hand so they can schedule and complete appointments in the same day. In addition to their retail locations, Techna Glass also provides auto glass replacement services on-site, allowing customers to have their auto glass replaced at home or work.
