

## Union Auto Glass Reports Expansion into Baltimore Washington Corridor

Annapolis, MD (October 31, 2008)—Union Auto Glass, a leader in auto glass repair and installation, today announced plans for expansion into the Baltimore Washington Corridor with the new shop to be located in Annapolis, Maryland. Union Auto Glass will provide Auto Glass Replacement and Repair through mobile service or in shop.

Union Auto Glass plans to add 2 positions immediately, and projects rapid expansion. “Even in the worst economic times, people need safe high quality wind shield replacement at a fair price,” said Michael Lattomus, President of Union Auto Glass and Annapolis resident.

The Lee Street Annapolis location takes the space previously held and recently vacated by Diamond Auto Glass, a company that filed for bankruptcy earlier this year. Grand Opening is scheduled for mid November.

### About Union Auto Glass

Union Auto Glass has been serving Delaware, Maryland, south New Jersey and southern Chester County, Pennsylvania since 1948. After 15 years of quality auto glass repair and auto glass replacement work, the business was sold to Robert Lattomus. His son, Michael Lattomus, has continued Union Auto Glass' tradition of customer care and quality auto glass repairs and auto glass replacements to this day.
