

For Immediate Release: Glass Technology Inc. New 2011-2012 Catalog

Contact: Rory Most – Glass Technology Inc.

### **Glass Technology Set to Release a New 2011-2012 Catalog on August 3rd**

Glass Technology is excited to announce the release of the 2011-2012 catalog that will be available for download on August 3<sup>rd</sup> 2011. The catalog will provide a full range of automotive and architectural glass repair and replacement tools as well as plastic and acrylic restoration products. With the release of this year's catalog, exciting new products and a full line of auto glass replacement tools can be found.

“Glass Technology Inc. is excited for our new launch into the auto glass replacement industry. I can't say enough about the Glass Technology team and our cooperative with Equalizer®. We look forward to providing our worldwide customers with more choices, great prices, and more solutions within the glass industry.” Rory Most, VP Glass Technology Inc.
