

Mygrant Glass Company

An Independent Distributor of Automotive Replacement Glass

October 3, 2006

Dear Valued Customers,

Mygrant Glass will implement a 3.5% price increase on all glass parts, effective October 9, 2006.

For the first time, some manufacturers are adding per-piece freight charges to glass shipments to distributors. These charges are as high as several dollars per piece of glass to some states, and they result in a greater-than-3.5% increase in purchasing costs to Mygrant Glass. The October 9th price increase is necessary to help ease the burden of these new charges.

We sincerely appreciate your understanding and continued support of Mygrant Glass through these difficult times in our industry.
